Childhood *Memories*

Never forget the days we spent together. Let's continue to be friends no matter what, because as life goes on and we get older, we will face newer and more difficult challenges. Just know, we have each other to lean on. Always remember, friends are the most important part of your life.

We're going off to college and the work force. We're not little kids anymore. Never forget the memories we shared with each other from diapers to graduation. Treasure the tears, treasure the laughter, but most importantly, treasure the memories.

Dear Shayla,
Time has gone all too quickly! You've gone from dolls and dance class to horses and now college. You've always been able to decide exactly what you want and then achieve it, as you did when you won The East Coast Championship. There is no doubt you will have many shining moments in your lifetime!

Love and God Bless!
